

PRODUCT DATA SHEET

MINE VENTILATION DUCT & FITTINGS

BENEFITS

- BUILT TO FRAS REQUIREMENTS
- FIT-FOR-PURPOSE SOLUTION
- LIGHTWEIGHT
- HIGH PERFORMANCE
- FIBREGLASS
- CARBON FIBRE OPTIONS AVAILABLE

WITH MORE THAN 50 YEARS COMPOSITE EXPERIENCE RPC HAS THE CAPABILITY TO RESPOND TO SPECIFIC REQUIREMENTS FOR MINE VENTILATION NEEDS.

RPC is the manufacturer and supplier of Australian Made Fibreglass (MVD) and Carbon Fibre (LWMVD) Mine Ventilation Ducts.

The fibreglass FRP ducting and fittings offer a low cost and fit-for-purpose solution, built to Fire Retardant Anti Static (FRAS) requirements. RPC is compliant to TRG: 3608.

RPC's MVD's are routinely performance tested to ensure that vacuum and conductivity requirements are met. This guarantees that our products meet compliance and quality requirements.

Within this MVD range, RPC also supply a lightweight carbon fibre product (LWMVD); this provides a one-person lift option for some of our sizes.

Manufactured & Distributed from its Broadmeadow Facility, RPC offer both Standard & LWMVD in:

- 2, 2.4 & 3m Lengths
- 618, 718, 750 & 900NB sizes
- Other sizes upon request

To compliment the MVD's RPC provide a wide range of Fittings in varied sizes and configuration's which include:

- 15, 35, 45, 70 & 90-degree Elbows
- Tee & Y piece
- Reducers & Addapters (round to round & oval to round)
- Sliders & End Caps
- Regulator/Dampers
- End Caps

RPC can configure fittings to the client requirements and additionally provide bespoke solutions.

DO YOU HAVE A SPECIFIC NEED OR REQUIREMENT? RPC CAN CATER TO YOUR SPECIALISED NEEDS AND CUSTOM APPLICATIONS UPON REQUEST.
